

REMARKS

The Examiner's objection is quite correct: some of the reference numerals in claim 19 refer to Figs. 13-17, which of course are non-elected.

As to the seat recited in claim 19, see page 6, lines 19-28 of our specification. This seat is provided for removably housing the vertical leg 43 of the supporting means 42. It is not possible to show the same in Figure 20, where the seat is covered or hidden by the pedaling body 37 itself.

The seat thus is similar to the seat 64 of Figure 31, that is to say, cylindrical seats for removably housing the vertical leg of the support means shown at 63.

With this amendment and this explanation, it is believed that examination of all the claims of record can proceed.

In the contrary case, however, kindly call the undersigned and whatever is needed will be done at once.

The Commissioner is hereby authorized in this, concurrent, and future submissions, to charge any deficiency or credit any overpayment to Deposit Account No. 25-0120 for any

additional fees required under 37 C.F.R. § 1.16 or under 37
C.F.R. § 1.17.

Respectfully submitted,
